MEMORANDUM FOR: Dr. Edward W. Proctor

SUBJECT : Strengthening Foreign Service Input  
to Intelligence

Ed,

1. You'll recall the Director reported on his session with Rush at a morning meeting. He suggested the question of improving Foreign Service input to intelligence products be explored and you caught the ball. [REDACTED] IC Staff, has done the attached piece which suggests a number of ways we might be able to get at the issue in addition to the normal and on-going liaison.

25X1

2. If you think some of these ideas would be practical, they could be pursued informally through the State geographic bureaus and INR to get a more specific reading on receptivity.

3. The plan, as I recall, is to follow up with another DCI letter to Rush identifying how we are treating the matter they had discussed earlier.

MEMORANDUM FOR: Director/OCI  
Director/OER  
Director/OPR  
Director/CRS  
Chief/CGAS

The attached memorandum from [ ]  
[ ] IC Staff, has  
some pretty good thinking on jacking up the  
Foreign Service input to intelligence. Ed and  
I would like you to read this. We will be calling  
a meeting shortly to discuss it.
